The first seven are Regulation Municipalities and the rest four are non Regulation ones,

21 The by laws framed by the first four Municipalities mentioned in the above para are capable of improvement and drafts revised on the lines of the Chikmagalur by laws are submitted, as directed.

22 The draft by laws of the Mandya Municipal Council do not deal with matters mentioned in Rule 25 of the Vaccination Rules. They deal with matters contained in Rule 14 22 of those rules. So they will have to be returned for revision. Draft on the lines of the by laws for Hunsur

23 The bye laws framed by the Mahalla Municipal Councils have also to be returned These are no bye laws at all The proceedings in these cases bring to light the utter ignorance of the elementary rules of Municipal Administration on the part of the Vice Presidents The Notice purporting objections to the draft bye laws is very queer

24 None of the bye laws in question seems to have been scrutinized in the Dy Comrs' Office.

25 The Municipal Councils have committed done the common error of thinking that midwives are Female Vaccinators This Office has no information whether the midwives have been given the necessary training At present there are no vaccinators paid out of the Munl funds in any of the Municipalities except Seringapatam So far as the bye laws appointing Male & Female vaccinators
